

TETIANA HREBENYK

MANUAL QA ENGINEER

PERSONAL PROFILE

I'm an enthusiastic and detail-oriented QA Engineer, with experience in web testing, seeking an entry-level position to use my skills in testing, troubleshooting complex problems, and assisting in the timely completion of projects.

WORK EXPERIENCE

Internship, MasterDynamix, Kyiv

September 2022 – October 2022

Internship on a real project. Interaction with the team through the Jira system. I tested the functionality of the working time tracking web service:

- planning and estimation of tasks
- creating test documentation
- test data preparation
- preparing a test environment
- functional and UI/UX testing adding a new client, adding new categories

Compiled test cases, equivalent class test development techniques applied, and bounds.

Internship, Qwasar Silicon Valley

September 2022 – October 2022

Completed an internship on the Qwasar Silicon Valley platform.

Practice on the platform involved the development of various projects using HTML, CSS, and JavaScript. Working with the command line and Git. The designed web page is responsive to screen size on computer and mobile devices an HTML page with CSS style. The project is based on HTML and JavaScript. Using JavaScript functions, the object moves diagonally, and each time it reaches a boundary, changes direction.

These and other projects are uploaded to the Git Hub web service
